NOTICE OF PROPOSED SOLE SOURCE PROCUREMENT
this is not a competitive bid/proposal

The Utah Transit Authority (UTA) Procurement Policy provides that sole source procurements may be used only when the Award of a Contract is infeasible under other source selection methods, and at least one of the following circumstances applies: (a) The required goods or services are of a specialized nature requiring expertise that is only available from a single source; (b) The public exigency or emergency for the required goods or services will not permit a delay resulting from competitive solicitations; (c) After solicitations of a number of sources, competition is determined inadequate.

The UTA Purchasing Department has received a request to make the following sole source procurement:

Product and/or Service to be purchased: Trapeze

Contract Duration: Five years

Proposed Sole Source Supplier: Trapeze Group

Estimated Total: $2,772,016.00

Sole Source Justification: Trapeze Group has been identified as a "Sole Source vendor" for the following reasons:

The system's advanced capabilities include scheduling algorithms, demand forecasting, cost modeling, customer registration, trip booking, real-time scheduling, and dispatching. These functions are tightly integrated into UTA's operational workflows and are supported by trained internal staff with specialized knowledge of the platform. Replacement of the Trapeze system would require a complete overhaul of UTA's transit technology ecosystem.
